

Serial No.	District and subdivision.	Rainfall.	Price of common rice, in seers, per rupee.		Character of the weather, condition of crops, etc.
			This week.	Previous week.	
1	2	3	4	5	6
		Inches.			
16	RANGPUR ...	0·25	4 $\frac{3}{4}$	4 $\frac{3}{4}$	Weather seasonable. Prospects of standing crops are good. Cattle-disease is reported from Gaibandha. Fodder and water are sufficient.
	Nilphamari ...	Nil	5 $\frac{1}{4}$	5 $\frac{1}{2}$	
	Kurigram ...	0·50	5 $\frac{1}{4}$	5 $\frac{1}{4}$	
	Gaibandha ...	2·50	5 $\frac{1}{2}$	5 $\frac{1}{2}$	
17	BOGRA ...	0·94	5 $\frac{1}{4}$	5 $\frac{1}{4}$	Recent rain has improved prospects of <i>aman</i> paddy.
18	PABNA ...	0·39	5	5	Prospects of standing crops are fair. Fodder and water are adequate. Cattle-disease is reported from Tarash thana.
	Sirajganj ...	0·87	4 $\frac{3}{4}$	4 $\frac{3}{4}$	
19	MALDA ...	Nil	5 $\frac{1}{4}$	5 $\frac{1}{4}$	Prospects of standing crops are not good for want of rain. Fodder and water are sufficient.
20	COOCH BEHAR	0·02	5 $\frac{1}{16}$	5 $\frac{1}{16}$	Weather seasonable. Steeping and washing of jute, transplantation of tobacco seedlings and sowings of mustard seeds continue. Condition and prospects of standing crops are fair. Cattle-disease exists in the interior. Fodder sufficient.
21	DACCA ...	2·06	5	5 $\frac{1}{16}$	Weather seasonable. Recent rains have improved prospects of transplanted paddy. Fields are being prepared for winter crops. Rice market is almost steady. Fodder and water are available.
	Manikganj ...	0·85	5	5	
	Narayanganj ...	2·25	4 $\frac{3}{4}$	5	
	Munshiganj (a)	2·34	5 $\frac{1}{4}$	5 $\frac{1}{8}$	
22	MYMENSINGH	0·57	4 $\frac{7}{8}$	4 $\frac{3}{4}$	Weather seasonable. Sowings of <i>rabi</i> crops continue. Harvesting of jute is nearly finished. Prospects of standing crops are normal. Rice market is almost stationary. Fodder and water are available. No large import or export.
	Jamalpur ...	0·07	5	(n)	
	Tangail ...	0·97	4 $\frac{7}{8}$	4 $\frac{7}{8}$	
	Netrakona ...	0·90	5	(n)	
	Kishorganj ...	1·45	5	(n)	

(a) Munshiganj being very near to Dacca and Narayanganj, its rainfall statistics are not quoted. To give information regarding the northern part of the district, rainfall figures for Kapasia thana are reported here.

(n) Not reported.

Serial No.	District and subdivision.	Rainfall.	Price of common rice, in seers, per rupee.		Character of the weather, condition of crops, etc.
			This week.	Previous week.	
1	2	3	4	5	6
		Inches.			
23	FARIDPUR ...	6.66	4 $\frac{3}{4}$	4 $\frac{3}{4}$	Weather seasonable. Harvesting of jute continues and that of paddy has commenced. Prospects of crops are good. Fodder is insufficient in Goalundo subdivision.
	Goalundo (Rajbari).	0.29	4 $\frac{3}{4}$	4 $\frac{3}{4}$	
	Madaripur ...	2.88	5	5	
	Gopalganj (a) ...	1.42	5	5	
24	BAKARGANJ (BARISAL).	1.04	4 $\frac{3}{4}$	5	Weather seasonable. Prospects of standing crops are good. Fodder and water are sufficient.
	Pirojpur ...	1.61	5	5	
	Patuakhali ...	0.97	5	5	
	Dakshin Shabazpur (Bhola).	2.55	5 $\frac{1}{2}$	5 $\frac{1}{2}$	
25	CHITTAGONG ...	3.09	{ 6 6 *	{ 5 $\frac{1}{2}$ 6 *	Cultivation of winter rice is in progress. Prospects are fair. Cattle-disease is reported from Cox's Bazar and Raojan. Fodder and water are sufficient. <i>Panga</i> salt sells at Sadar at 16 seers per rupee and at Cox's Bazar at 13 seers per rupee.
	Cox's Bazar ...	0.72	5	5	
26	TIPPERA (COMILLA).	0.24	4 $\frac{7}{8}$	4 $\frac{1}{8}$	Prospects of standing crops are fair. Cattle-disease is reported from Brahmanbaria.
	Brahmanbaria	4.40	4 $\frac{1}{8}$	4 $\frac{1}{8}$	
	Chandpur ...	1.20	4 $\frac{1}{8}$	4 $\frac{1}{8}$	
27	NOAKHALI ...	5.98	5	5	Weather seasonable. Prospects of standing crops are fair. Cattle-disease is prevalent in Feni thana. Fodder and water are sufficient.
	Feni ...	1.70	4 $\frac{1}{2}$	4 $\frac{1}{2}$	
28	CHITTAGONG HILL TRACTS.	2.17	5 $\frac{1}{2}$	5 $\frac{1}{2}$	Weather seasonable.
29	TRIPURA STATE	2.63	4 $\frac{1}{2}$	4 $\frac{1}{2}$	Recent rain has been beneficial for standing crops. <i>Poush</i> crops are maturing and <i>rabi</i> crops are being sown. Cattle-disease exists in two divisions. Fodder and water are sufficient. Jute sells at Rs. 7 to Rs. 10 and cleansed cotton at Rs. 15 to Rs. 35 per maund.

* Burma rice.

(a) The rainfall at Haridaspur, which is very near to Gopalganj, is shown here.

N.B.—The gauge-readings commenced from the 1st August 1887.

W. R. ROBSON, *Subdivisional Officer,*

I. D., Rajshahi.

RAMPUR BOALIA, the 23rd October 1926.

Statement of weekly gauge-readings on the rivers Brahmaputra and Ganges at Goalundo for the week ending the 23rd October 1926.

Month and date.	Hour.	Height of surface above zero.	Height of surface above mean sea-level.	Height of surface above mean sea-level on the same date of last year.	Remarks.
1926.					
17th October	... 7 A.M.	20.6	20.6	18.9	Zero is placed at mean sea-level.
18th "	... 7 "	20.2	20.2	18.8	
19th "	... 7 "	19.9	19.9	18.9	The bench-mark for this gauge is marked on a pucca base between Passenger ghât and Chandpur ghât at Goalundo.
20th "	... 7 "	19.6	19.6	18.3	
21st "	... 7 "	19.3	19.3	18.0	
22nd "	... 7 "	19.1	19.1	17.8	
23rd "	... 7 "	18.8	18.8	17.8	

Highest recorded flood	26.5 on 15th September 1925.
Previous highest recorded flood	25.75 on 28th August 1906 and 25.66 on 11th to 17th and 31st August 1889 and 1st to 3rd September 1883.
Lowest recorded water-level	6.6 on 6th March 1925.
Previous recorded low water-level	1.0 on the 8th February 1914.

N.B.—The gauge-readings commenced on 3rd October 1909.

C. H. DE, for *Subdivisional Officer,*

P. W. D., Faridpur.

RAJBARI, the 23rd October 1926.

R. P. ADAMS,
Chief Inspector of Factories, Bengal.

CORPORATION OF CALCUTTA.**NOTICE.**

In compliance with the provisions of section 481 of the Calcutta Municipal Act, 1923, it is hereby notified for general information that the Corporation of Calcutta propose to make the following by-laws under clause 39 of section 478 of the said Act regulating the removal and disposal of rank or noxious vegetation:—

By-laws under clause 39 of section 478 of the Calcutta Municipal Act regulating the removal and disposal of rank and noxious vegetation.

Removal of rank or noxious vegetation—Removal by the owner or occupier.

(1) Whenever it shall appear to the Health Officer that the removal and disposal of any rank or noxious vegetation growing upon or in any land or water is required in the interests of public health or is otherwise beneficial to the neighbourhood, the Health Officer may, by written notice, require the owner or occupier of such land or water to cut, dig up, clear away and remove such vegetation.

Removal to the assigned place—Removal by the District Engineer in default of the owner or occupier—Fee for such removal.

(2) Every person who, in compliance with any notice under by-law (1) or otherwise, removes any rank or noxious vegetation from any land or water shall, if not otherwise disposed of to the satisfaction of the District Engineer, forthwith carry away and deposit the same to and in such place as shall from time to time be appointed by the District Engineer for the disposal of such matter. In the event of default, it shall be lawful for the District Engineer to carry away and deposit such vegetation, and the person so in default shall pay to the District Engineer on demand (in addition to any penalty to which he may be liable under these by-laws) the cost of so carrying away and depositing the same, at the rate of one rupee and annas eight per cart or in such other scale as may be fixed by the Chief Executive Officer from time to time.

Removal by District Engineer after previous notice. Fee for such removal—Removal by District Engineer after deposit of the refuse near the place of origin accessible to the municipal cart.

(3) Any person having removed any rank or noxious vegetation from any land or water shall be entitled to have the same carried away by the District Engineer, provided that such person shall (a) prior to removal of such vegetation have given to the District Engineer 48 hours' previous notice of his intention in that behalf and have deposited a sum sufficient to cover the cost of carrying away the same at a rate to be fixed by the Chief Executive Officer from time to time, and (b) forthwith after removing such vegetation have placed such matter in a place within the premises nearest to the said land or tank, which is accessible to the municipal carts.

Penalty clause.

(1) Every person failing to comply with any notice under by-law (1) or committing any breach of the provisions of by-law (2) hereof shall be punishable for every such default or breach with fine which may extend to Rs. 10 or, in the case of a continuing default or breach, with fine which may extend to Rs. 5 for every day during which the default or breach continues after conviction for the first default or breach.

(2) No person shall incur any penalty for not carrying away and depositing any rank or noxious vegetation as required in by-law (2) hereof, provided he complies with the provision of by-law (3).

A printed copy of the above by-laws is open to public inspection free of charge and may be obtained on payment of a fee of annas 2 at the Secretary's office in the Central Municipal Office on any working day, between the hours of 12 and 4, for one month from date hereof, after which the proposed by-laws will be further proceeded with.

J. C. MUKERJEA, *Acting Chief Executive Officer.*

CALCUTTA, the 29th October 1926.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 3rd November 1926.

Summary.—The week was practically rainless. Rain is needed for winter paddy. Preparation of lands for spring crops and their sowings are progressing favourably. The condition and prospects of standing crops are generally satisfactory. The average price of common rice for the province has fallen by about 0·41 per cent. as compared with that of the previous week.

Serial No.	District and subdivision.	Rainfall.	Price of common rice, in seers, per rupee.		Character of the weather, condition of crops, etc.

CALCUTTA IMPROVEMENT TRUST.

Notice under section 63 (5) of Bengal Act V of 1911, as amended by Bengal Act III of 1915.

NOTICE is hereby given that the Board of Trustees for the Improvement of Calcutta has applied to the Local Government for sanction to the plan of the Proposed Public Street No. III, Maniktala (Maniktala Road and Maniktala Main Road Widening) which was originally published in the issue of the *Calcutta Gazette* of the 14th January 1926.

A. MARR, *Chairman.*

CALCUTTA, the 25th October 1926.

CALCUTTA IMPROVEMENT TRUST.

Notice under section 63 (2) of Bengal Act V of 1911.

PLAN OF PROPOSED PUBLIC STREET NO. VIII (MANIKTALA—FROM BELLIAGHATA MAIN ROAD TO NARKELDANGA MAIN ROAD).

NOTICE is hereby given under section 63 (2) of Bengal Act V of 1911, as amended by Bengal Act III of 1915, that the Board of Trustees for the Improvement of Calcutta has prepared a plan of proposed public street in Ward No. 28 of the Calcutta Municipality known as Maniktala Alignment No. VIII (from Belliaghata Main Road to Narkeldanga Main Road).

The plan provides for the construction of a new 100-feet wide road running northwards from the northern edge of Belliaghata Main Road to the southern edge of Narkeldanga Main Road.

The proposed public street will pass through the following municipal holdings :—

Belliaghata Main Road.—Nos. 3, 3-46-1, 3-47, 3-48, 3-49, 3-50, 3-51, 3-52, 3-52-1, 3-53, 3-54, 3-56, 3-60, 3-65, 3-83, 3-85, 3-85-1, 3-85-2, 3-85-3, 3-90, 3-92, 3-93, 3-94, 3-98, 3-99, 3-100, 3-101, 3-102, 3-103, 3-108, 3-111, 3-112, 3-113, 3-116, 3-116-1, 3-116-2, 3-116-3, 3-116-3-1, 3-116-4, 3-117, 3-118, 4, 5, and 6.

Charakdanga Road.—Nos. 70-36, 70-37, 70-41, 70-42, 70-44, 70-44-1 and 70-45.

Rakhal Ghose Lane.—Nos. 1, 1-18, 1-18-1, 1-22, 1-25, 1-26, 1-26-1, 1-33, 1-42-1, 1-47, 2, 18, 19, 20-A, 20-B, 20-C, 20-D, 20-D-A, 20-D-B, 20-D-C, 21, 22, 23, 24 and 25.

Talpukur Road.—Nos. 36, 37, 38, 39, 39-A, 49, 50, 51, 52, 52-A and 53.

Pyari Mohan Sur Lane.—Nos. 8, 9, 10, 11, 12, 13, 27-A, 28-A, 28-B, 28-C, 28-D, 28-E, 28-F, 28-G, 28-H, 28-I, 28-K, 28-L, 28-L-A, 28-L-B, 28-L-C, 28-M, 28-N, 28-O, 33, 35-A, 35-B, 36, 37, 38, 39, 40 and 41.

Narkeldanga Main Road.—Nos. 15, 15-1, 15-2, 16, 17, 18, 18-2 and 18-A.

Chandi Bose Lane.—No. 13.

The plan of the proposed public street and the particulars of the land through which the proposed public street will pass may be inspected at the office of the Trust, No. 5, Clive Street, on week days, except Saturdays, between the hours of 11 A.M. and 4 P.M. and on Saturdays 11 A.M. and 2 P.M.

Copies of this notice may be obtained on payment of a fee of 2 annas per copy, and of the plan at 8 annas per sheet.

Objections to the said plan may be submitted on or before the 15th January 1927.

A. MARR, *Chairman.*

Dacca, the 8th November 1926.

J. C. ROY, for Director of Agriculture, Bengal.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 10th November 1926.

Summary.—The week was dry. Rain is needed for winter paddy in some West Bengal districts. Preparatory tillage for and sowing of spring crops continue under favourable conditions. Prospects of standing crops are generally favourable except in some West Bengal districts, where want of rain is causing damage to winter paddy. The average price of common rice for the province has slightly risen as compared with that of the previous week.

Serial No.	District and subdivision.	Rainfall.	Price of common rice, in seers, per rupee.		Character of the weather, condition of crops, etc.
			This week.	Previous week.

CALCUTTA, the 9th November 1926.

CORPORATION OF CALCUTTA.

NOTICE.

It is notified for general information that the Corporation of Calcutta under powers vested in them in this behalf have, by a resolution dated the 5th October 1926, prescribed a new alignment maintaining the old width of the 60 ft. wide sanctioned road running east to west from Hughes Road to Chingreehatta Road in Ward No. 19.

A copy of the plan prepared in this behalf may be seen in the office of the Surveyor and Valuer of the Corporation any day during office hours on payment of usual fees.

J. C. MUKERJEA,

Acting Chief Executive Officer.

CENTRAL MUNICIPAL OFFICE, the 10th November 1926.

CORPORATION OF CALCUTTA.

NOTICE.

The following declaration made by the Corporation of Calcutta is published for general information in compliance with the provisions of sub-section (5) of section 324 of the Calcutta Municipal Act, 1923 :—

Declaration.

"In exercise of the powers conferred by sub-section (4) of section 324 of the Calcutta Municipal Act, B.C. (III) of 1923, the Corporation of Calcutta do hereby declare, having previously given public notice of their intention to do so and having received no objection to the proposal, that the erection of buildings of the warehouse class in the following streets or portions thereof as specified hereunder will be allowed, subject to the provisions of the Act relating to such buildings :—

- (1) Pran Krishna Mukherjee Road.
- (2) Chitpur Bridge Approach Road.
- (3) Chitpur Ghat Lane.
- (4) Brojodulal Shaw Road.
- (5) Turner Road.
- (6) Nawabputty Street.
- (7) Dilarjung Road.
- (8) Kali Prasanna Singh Street.
- (9) Cossipore Road between Pran Krishna Mukherjee Road and Gun Foundry Road.
- (10) Sugar Works Lane.
- (11) Ram Gopal Ghosh Road.
- (12) Rustomjee Parsee Road.
- (13) Strand Road.
- (14) Belgachia Road.
- (15) New Canal Road.
- (16) Gun Foundry Road.
- (17) Barrackpore Trunk Road from Pran Krishna Mukherjee Road to the foot of the Tallah Over-bridge.
- (18) Lockgate Road."

J. C. MUKERJEA,

Acting Chief Executive Officer.

Executive Engineer, Khulna Division.

CALCUTTA, the 13th November 1926.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 17th November 1926.

Summary.—During the week weather continued dry excepting in some districts where the fall was very light and scattered. Cultivation of lands for and sowings of spring crops are progressing satisfactorily. Harvesting of early variety of winter paddy has commenced in some districts under favourable conditions. Prospects of standing crops are generally fair except in parts of Mymensingh and the Tripura State where damage by insects and rats is reported. The average price of common rice for the province has slightly fallen as compared with that of the previous week.

Serial No.	District and subdivision.	Rainfall.	Price of common rice, in seers, per rupee.		Character of the weather, condition of crops, etc.

Fodder and water are sufficient. Jute sells at Rs. 3 to Rs. 10 per maund and cleansed cotton at Rs. 15 to Rs. 40 per maund.

* Burma rice.

(n) Not reported.

(a) The rainfall at Baridaspur, which is very near to Gopalganj, is shown here.

DACCA, the 20th November 1926.

J. C. ROY, for Director of Agriculture, Bengal.

DEPARTMENT OF AGRICULTURE, BENGAL.

Monthly Weather and Crop Report of Bengal for October 1926.

I. **Character of the season.**—During the early part of the month wet weather prevailed accompanied with general rain throughout the province. In the latter part, the fall was slight. The usual rainfall statement is appended.

II. **Progress of agricultural operations.**—Preparatory tillage for the spring crops and their sowings, especially of early varieties, were progressing under favourable conditions. Reaping of autumn paddy was almost over. Weeding of winter paddy still continues.

III. **State of standing crops.**—Effects of weather on standing crops were generally favourable except in the flooded tracts of Midnapore. The recent rain was beneficial to the standing crops in the Eastern Bengal districts, but more rain was needed for winter paddy in some West Bengal districts.

IV. **Prospects and probable outturn.**—The prospects of deep-water paddy were generally satisfactory, and those of transplanted variety were fair. The outturn of sugarcane was estimated at 82 per cent. of the normal.

V. **Damage to standing crops.**—Damage to standing crops by insects was reported from parts of Mymensingh and Tripura State.

VI. **Condition of agricultural stock.**—The condition of live-stock was generally fair. Sporadic cases of cattle-disease were, however, reported from nine districts.

VII. **Failure of pasturage and fodder.**—Insufficiency of fodder was reported from parts of Murshidabad and Faridpur districts.

VIII. **Prices of food-grains.**—During the second half of the month the price of common rice of the cheapest quality rose in 6 districts, fell in 7 and remained stationary in the rest of the province. It ranged from 5 seers per rupee at Burdwan, Hooghly, Jalpaiguri, Darjeeling, Rangpur, Patna, Faridpur and Noakhali, to 7 seers 2 chitaks per rupee at Nadia.

IX. **Condition of agricultural population.**—The condition of agricultural population was reported to be fair on the whole.

ROBERT S. FINLOW,
Director of Agriculture, Bengal.

DACCA, the 18th November 1926.

R. P. ADAMS,

Chief Inspector of Factories, Bengal.

CALCUTTA, the 11th November 1926.

RESOLUTION ON THE LAND REVENUE ADMINISTRATION REPORT FOR 1925-26.

GOVERNMENT OF BENGAL.

REVENUE DEPARTMENT.

Land Revenue.

CALCUTTA, THE 18TH NOVEMBER 1926.

RESOLUTION—No. 11886L.R.

READ—

The Report of the Board of Revenue on the Land Revenue Administration of the Presidency for the year 1925-26.

READ ALSO—

The Land Revenue Administration Reports of the three previous years.

Mr. K. C. De, C.I.E., held charge of the office of the Member of the Board of Revenue from the beginning of the year to the 19th September and again from the 16th November 1925 to the end of the year. During the intervening period when Mr. De was on leave the charge of the office was held by Mr. J. N. Gupta, M.B.E.

There was no serious natural calamity during the year, and generally stated, the condition of the agricultural class was prosperous. This is reflected in an improvement in the percentage of land revenue collection, which increased to 95·46 from a little over 94, at which it was steady for several years previously. Number of sales of entire estates for arrears of land revenue also fell to 711 from 801 and 877 in the previous two years. Certificates for realisation of dues other than road and public works cesses also fell by about 10 per cent. Repayment of land improvement and agricultural loans was also satisfactory though there was no improvement in percentage. Collection of road and public works cess was, however, not so satisfactory as might be expected, but there were fewer certificates filed for realisation of arrears.

The high rates of wages for labour were maintained, and while this benefited the labouring classes and the high prices of food crops benefited the agriculturists, the landless middle-class population suffered. A partial relief was afforded by the fall in the price of cloth, but dearth of employment for intellectual labour continued. Activities in the direction of industrial pursuits—insignificant though most of them still are—are becoming more and more manifest, and Government have read with interest the Board's review of these activities.

The Board observes that the greatest obstacles to the prosperity of the rural area have been malaria and kala-azar, which continue to take a heavy toll in almost all parts of the province, particularly in the districts of west and north Bengal. Co-operative Anti-malarial Societies and local organisations at several places are doing good work, but it is obvious that very much still remains to be done.

The cost of management proper of the estates under direct management gave a percentage of 9·7 on the current demand. Considerable economy has been effected by the substitution of kunangoes in the place of Sub-Deputy Collectors as tahsildars of khasmahals. On the other hand the staff in general had to be given the benefit of the general revision of pay of ministerial and other officers made during the years 1921-22. The figures since 1922-23 show that it is no longer possible to keep the cost within 6 per cent. of collection. During the year 1925-26 the Board was able to

spend only Rs. 79,295 on agricultural, sanitary and miscellaneous improvements. A special additional grant to complete certain urgently needed works was sanctioned with the vote of the Council during the current year, but it is obvious that the total $9\frac{1}{2}$ per cent. grant hitherto prescribed must be raised. The matter is under examination.

The Governor in Council has read with special interest the account of colonisation work in the Sunderbans in paragraphs 24-25 of the Board's report. There is a very wide field of useful work for all departments of Government in these newly reclaimed areas. These colonisation schemes have been helpful in converting even hardened criminals into fairly respectable members of society. In the Bakarganj Sundarbans though the immediate increase in the raiyatwari rent demand was small, survey of a very large area of nearly 12,000 acres was completed under a new system, and it is expected that the revenue would soon increase by about Rs. 83,000. The programme in the 24-Parganas Sunderbans is also being steadily carried on.

In the settled areas the relations between landlord and tenant are reported to have been fairly satisfactory. Where friction arose it was due mainly to the misconduct of under-paid agents of absentee landlords. The commencement or expectation of settlement operations have been disturbing factors in some districts. It is hoped that these will settle down with better feeling when the operations close. The groundless fear that bargadars would be given occupancy right did not subside altogether and led in some cases to these men being deprived of their lands. On the other hand in the Dacca district some Muhammadan cultivators refused to cultivate the lands of Shaha money-lenders on the barga system. These are only temporary causes of friction and are expected not to last long.

The special provisions of the Bengal Tenancy Act for the protection of certain aboriginal tribes were extended during the year to the Mundas, Oraons and Sonthals in the districts of Rajshahi and Bogra. The privilege given to certain landlords to realise arrears of rent from their tenants by certificate procedure under section 158A of the Act appears to have been used with discretion, and there was a fall in the number of such certificates from 83,451 in the previous year to 66,152. In the district of Nadia 379 applications relating to 12,581 tenancies were filed for the conversion of *utbandi* tenancies into ordinary raiyati holdings under the special Act which was passed in 1923. The Governor in Council welcomes the indications that this recent addition to the Statute Book has been working smoothly and successfully.

The thanks of the Governor in Council are due to the Board of Revenue for the careful and efficient administration of the Department.

By order of the Governor in Council,

F. A. SACHSE.

Secretary to the Government of Bengal (offg.).

REPORT ON THE ADMINISTRATION OF THE STAMP DEPARTMENT IN BENGAL DURING THE THREE YEARS ENDING 31ST MARCH 1926.

NOTIFICATION.

No. 1134S.R.—The 25th November 1926.—The following extracts from the Report on the Administration of the Stamp Department in Bengal during the three years ending 31st March 1926 are published for general information.

J. A. WOODHEAD,
Secretary to the Government of Bengal.

*Report on the administration of the Stamp Department in Bengal
during the triennium ending the 31st March 1926.*

I am directed to submit for the information of the Government of India the following report on the administration of the Stamp Department in Bengal during the three years ending on 31st March 1926.

* * * * *

Financial results.

3. The receipts which in 1922-23, the last year of the preceding triennium, were Rs. 3,14,86,217, steadily rose during the triennium under review, reaching Rs. 3,24,43,623 in 1923-24, Rs. 3,44,79,285 in 1924-25 and Rs. 3,67,18,643 in 1925-26. During the last year of the triennium the receipts, as reported by the Accountant-General, Bengal, plus Rs. 5,79,288 paid to the Calcutta Improvement Trust on account of the excess stamp duty realised under section 82 of the Calcutta Improvement Trust Act, 1911, and Rs. 11,30,000 being the provincial share of the sale proceeds of unified stamps credited to non-postal revenues, amounted to Rs. 3,67,18,643, an increase of Rs. 22,39,358, or 6·5 per cent. as compared with 1924-25 and of Rs. 42,75,020 or 13·1 per cent. as compared with the year 1923-24. The increase occurred both under "Judicial" and "Non-Judicial" stamps.

* * * * *

A.—Judicial stamps.

6. The sale proceeds of Court-fee stamps (excluding stamps for copies) rose steadily during the past three years. The receipts were Rs. 2,16,73,138 in 1925-26 against Rs. 2,05,44,378 in 1924-25 and Rs. 2,03,74,473 in 1923-24. Compared with 1924-25, there was an increase of Rs. 11,28,760. Of this increase Calcutta alone contributed Rs. 9,86,802. This increase was mainly due to a number of big estates having come under probate or letters of administration. In the mufassal there was a marked increase in the districts of Chittagong (Rs. 64,493), Khulna (Rs. 61,553), the 24-Parganas (Rs. 55,114) and Bogra (Rs. 48,251). In the 24-Parganas and Khulna the increase was due to settlement operations, while in Chittagong and Bogra it is attributed to the institution of a larger number of suits.

The receipts from the sale of stamps for copies rose from Rs. 6,98,343 in 1923-24 to Rs. 7,16,324 in 1924-25 and to Rs. 8,79,187 in 1925-26.

The receipts from the sale of plain papers used with Court-fee labels rose from Rs. 3,33,538 in 1923-24 to Rs. 3,46,802 and Rs. 3,65,484 in the second and the third year of the triennium, respectively.

B.—Non-Judicial stamps.

7. The revenue derived from the sale of "Non-Judicial stamps" during 1925-26 showed an increase of Rs. 9,00,580 or 7 per cent. as compared with 1924-25 and 24·9 per cent. as compared with 1923-24. The increase mainly occurred under the heads of "Impressed stamps" and "Miscellaneous receipts".

8. **Impressed stamps.**—The receipts under this head (the most important item among Non-Judicial stamps) steadily rose in the triennium under review. In the first year, 1923-24, the receipts were Rs. 59,20,260. They rose to Rs. 65,09,233 and Rs. 74,61,168 in the second and third years of the triennium respectively. The increase which was shared by all the districts, except Calcutta, was due to the registration of a larger number of documents. In the Chittagong Division the cessation of the non-co-operation movement contributed to this increase. The decrease in Calcutta was due to a lesser number of documents in the Bengali language having been registered.

9. **Hundis or inland bills-of-exchange.**—The revenue derived from the sale of hundi or bill-of-exchange stamps rose from Rs. 1,82,486 in 1923-24 to Rs. 1,94,761 and Rs. 1,96,364 in 1924-25 and 1925-26 respectively.

10. **Impressed labels or special adhesive stamps.**—The receipts from the sale of these stamps rose from Rs. 29,18,039 in 1923-24 to Rs. 30,27,641 in 1924-25, but fell to Rs. 29,89,115 in the year 1925-26. The sale of these stamps is mainly confined to Calcutta which contributed 99·9 per cent. of the total revenue from this source.

11. **Foreign bill stamps.**—The receipts from these stamps which are sold mainly in Calcutta were Rs. 3,80,494 in 1925-26 against Rs. 3,98,604 and Rs. 2,95,780 in the two preceding years of the triennium, respectively. The large increase in 1924-25, as compared with 1923-24, was due to the increased activity in foreign trade, while the decrease in 1925-26 was due to the comparative depression of trade.

12. **Share transfer stamps.**—The sale of these stamps, which are used for payment of stamp duty on transfer of shares of public limited companies, is practically confined to Calcutta. The receipts rose from Rs. 4,78,361 in 1923-24 to Rs. 7,88,999 in 1924-25, but fell to Rs. 5,11,148 in 1925-26. The large increase of Rs. 3,10,638 in 1924-25 was due to the trade boom in Calcutta during that year.

13. **Stamps for legal practitioner's license.**—The receipts from the sale of these stamps steadily rose from Rs. 1,55,084 in 1923-24 to Rs. 1,64,365 and Rs. 2,10,741 in the second and third years of the triennium.

14. **Notarial stamps.**—The receipts from the sale of these stamps amounted to Rs. 7,003 in 1925-26 against 7,663 and 7,833 in the two preceding years.

15. **Forms for agreements and contracts chargeable with 2-anna coloured impressions.**—The revenue from this source, which is confined to Calcutta only, rose from Rs. 5,499 in 1923-24 to Rs. 12,799 and Rs. 12,693 in the years 1924-25 and 1925-26, respectively.

16. **Forms for cheques and receipts.**—The sale of these forms which are stamped with 1-anna coloured impressions fell from Rs. 3,26,641 in 1923-24 to Rs. 3,16,891 and Rs. 3,06,396 in 1924-25 and 1925-26, respectively. Of the total revenue for 1925-26, Calcutta contributed Rs. 3,02,101 or 98.6 per cent. The decrease was due to trade depression.

17. **Miscellaneous receipts.**—The receipts under this head are mainly composed of realisations under sections 8 and 35 and sections 32, 37, 40 and 41 of the Stamp Act. The receipts rose from Rs. 2,49,612 in 1923-24 to Rs. 3,40,083 in 1924-25 and to Rs. 5,86,497 in 1925-26. Of the total receipts for 1925-26 Calcutta contributed Rs. 5,26,464 or 90 per cent. The increase in 1925-26 as compared with 1924-25 was Rs. 2,46,414, of which Calcutta contributed Rs. 2,34,112. The increase in Calcutta was mainly due to the floatation of big loans by the Calcutta Improvement Trust, the Calcutta Corporation and the Port Commissioners.

18. **Arrangement for sale of stamps.**—
The total number of vendors engaged in the sale of stamps during the year 1925-26 was 5,439 against 5,324 and 5,379 in the two preceding years. The discount paid to the vendors in 1925-26 was Rs. 4,78,593 against Rs. 4,37,610 in 1924-25 and Rs. 4,34,367 in 1923-24.

19. **Punitive action of the Courts and Revenue Officers.**—
The total number of cases dealt with by the Civil Courts increased from 1,418 in 1923-24 to 1,524 in 1924-25, while the number decreased to 1,309 in 1925-26. The duty and penalty realised by the Civil Courts, however, increased from Rs. 12,074 in 1923-24 to Rs. 13,602 in 1924-25 and Rs. 14,488 in 1925-26. There was also an increase in the number of cases dealt with by Revenue Officers, being 4,750 in 1925-26 against 4,217 and 4,498 in the two preceding years of the triennium. The amount realised in these cases was Rs. 97,308 in 1925-26 against Rs. 55,886 and Rs. 74,565 in the two preceding years respectively.

20.
The number of cases instituted in 1925-26 was 253 and the number of persons brought to trial was 98, against 201 and 32 respectively in 1924-25 and 251 and 87 in 1923-24. Compared with the year 1924-25, the number of prosecutions shows an increase of 52. In Calcutta there were 71 cases in 1925-26 against 3 in 1924-25. The amount of fines imposed in Calcutta was Rs. 752 in 1925-26 against Rs. 54 in 1924-25 and Rs. 585 in 1923-24. In Bakarganj the number of cases instituted was 166 against 172 in 1924-25, of which three only were brought to trial and all of them were acquitted. The total fines imposed during the year 1925-26 was Rs. 1,063, against Rs. 404 in the year 1924-25 and Rs. 984 in 1923-24. The amount paid in rewards was Rs. 441 against Rs. 45 in 1924-25 and Rs. 528 in 1923-24. No rewards were paid outside Calcutta.

21. Working of section 19H added to the Court-fees Act, VII of 1870, by Act XI of 1899.—

The number of cases pending at the beginning of the year 1925-26 was 395 against 457 and 590 in the second and first years of the triennium, respectively. The number of cases reported to the Collectors showed an increase from 1,312 in 1923-24 to 1,331 in 1924-25 and to 1,491 in 1925-26. The number of cases in which enquiries were instituted during the year 1925-26 was 1,704 against 1,645 and 1,752 in 1924-25 and 1923-24, respectively. The number of enquiries completed during the year 1925-26 was 1,371 against 1,304 and 1,370 in the two preceding years. Of the cases reported during the year 1925-26 including those pending at the beginning of the year 72.6 per cent. were completely enquired into, the corresponding percentages in the preceding two years being 73 and 72, respectively. The proportion borne by the deficit duty required to the amount originally realised was 26.1 in 1925-26 and 10.2 and 10.4 in the two preceding years, respectively. There was a marked increase in Calcutta in 1925-26, namely, Rs. 2,08,179 against Rs. 94,575 and Rs. 96,802 in the preceding two years, respectively.

Statement I—Abstract of receipts and charges for the year ending 31st March 1926.

	Receipts.	Charges.				Net receipts.	Cost of stamps and plain paper supplied from central stores.

Total for 1923-24	15,32,207 (d)

(d) The amounts are included in the receipts under the head Court-fee stamps in column 2 of statement I.

CORPORATION OF CALCUTTA.

NOTICE.

It is notified for general information that the Corporation of Calcutta under powers vested in them in this behalf have by a resolution, dated the 3rd November 1926, prescribed the alignment of Abireepuker 1st lane in ward No. 21 to a width of 30 feet.

A copy of the plan prepared in this behalf may be seen in the office of the Surveyor and Valuer of the Corporation any day during office hours on payment of usual fees.

J. C. MUKERJEA, *Acting Chief Executive Officer.*

CENTRAL MUNICIPAL OFFICE, the 23rd November 1926.

CORPORATION OF CALCUTTA.

NOTICE.

It is hereby notified for general information that the Corporation of Calcutta under powers vested in them in this behalf have, by a resolution, dated the 3rd November 1926, prescribed the alignment of a 84 ft. projected public street connecting the Calcutta Improvement Trust Sewer Road with the Southern Avenue in ward No. 27.

A copy of the plan prepared in this behalf may be seen in the office of the Surveyor and Valuer of the Corporation any day during office hours on payment of usual fees.

J. C. MUKERJEA, *Acting Chief Executive Officer.*

CENTRAL MUNICIPAL OFFICE, the 25th November 1926.

CORPORATION OF CALCUTTA.

NOTICE.

In compliance with the provisions of section 481 of the Calcutta Municipal Act, 1923, it is hereby notified for general information that the Corporation of Calcutta propose to make the following by-laws under clause 33 of section 478 of the said Act for preventing the straying of any animal and regulating the keeping, feeding and destruction of any animal and the disposal of its carcass and prescribing the fees payable to the Corporation for such removal.

By-laws under clause 33 of section 478 of the Calcutta Municipal Act regarding the straying of any animal, keeping, feeding and destruction of any animal and disposal of its carcass, and fees payable for such removal.

A.—Preventing the straying of any animal.

1. No person shall allow any cow, calf, bullock, buffalo, horse, mule, donkey, goat or any other four-footed animal to stray in or upon any public street, square, garden, market or land belonging to the Corporation.

2. The Corporation shall have power to seize or cause to be seized any animal so found straying and shall send it or cause it to be sent to the nearest pound.

3. If the owner of the animal seized as aforesaid and impounded in a pound established by the Corporation or his agent appear and claim the animal, the person appointed by the Corporation to be in charge of the pound shall deliver it to him on payment of the following charges, namely, annas eight for every goat, sheep or hog and rupee one for every other animal together with the expenses of feeding the same while impounded according to a daily rate to be fixed by the Chief Executive Officer.

The owner or his agent on taking back the animal shall sign a receipt for it and will be entitled to a receipt for the amount paid by him.

4. If the animal be not claimed within 10 days from the date of its being seized and impounded in the Corporation pound the officer in charge thereof will hang up in a conspicuous place in the pound a notice stating the description of the animal and the place where it was seized and that if such animal be not claimed and taken away within seven days from the date of the notice on payment of the charges mentioned above, it shall be sold by public auction.

On the expiry of the said period the said officer in charge of the pound shall sell the said animal as aforesaid and apply the sale-proceeds in payment of the charges incurred and shall on demand return to the owner or his agent any surplus arising from such sale.

B.—Keeping and feeding of any animal.

5. No person shall keep any animal either in his possession or under his control in such a manner as to create a nuisance or be dangerous to any person or property.

6. No person shall keep either in his possession or under his control any animal suffering from any infectious disease or any disease which is or may be transmissible to human beings.

7. If any animal appears to be suffering from any infectious disease or to be or to be likely to become otherwise injurious to health or in any respect a nuisance, and the Health Officer, in the interest of public health, considers it necessary that it should be properly isolated, the Corporation shall seize or cause to be seized any such animal and remove it to a Veterinary Hospital for treatment and the owner of such animal shall be liable for the costs of such removal and treatment.

If the owner refuses or fails to pay such costs as may be charged in that behalf the Corporation may sell, destroy or otherwise dispose of such animal.

8. No person shall feed any animal or suffer or permit any animal to be fed or to feed with or upon sewage or offensive matter.

C.—Destruction and slaughter of any animal.

9. No person shall flay any animal alive.

If any person is in possession of an entire skin portion whereof is the skin of the head of an animal it shall be presumed, until the contrary is proved, that the animal has been flayed alive.

10. In any case in which the skin or the carcass of an animal shows signs of a contagious disease, such skin or carcass shall be destroyed by the Corporation.

11. No animal that is or is known or reasonably believed to be with young shall be slaughtered for food.

12. No prime cow shall be slaughtered for food.

13. No calf should be slaughtered for food.

14. No person suffering from leprosy, sores or any skin disease or any contagious or infectious disease shall be allowed to take any part in the destruction or slaughter of animals.

D.—Disposal of carcasses.

15. (a) The owner or the occupier of any premises, in or upon which any animal dies or in or upon which the carcass of any animal is found and the owner or the person having the charge of any animal which dies in a street or in open place, shall, within 3 hours after the death of the animal or if the death occurs at night within 3 hours after sunrise, either—

(i) remove the carcass or cause it to be removed to some dépôt or place provided or appointed for the purpose by the Corporation under section 371 for the temporary deposit or final disposal of carcasses, or

(ii) report the death of the animal or cause the same to be reported to the District Engineer or any other officer of the Corporation appointed for the purpose with a view to the removal of the carcass.

(b) When any carcass is removed in pursuance of clause (ii) of sub-clause (a), a fee, for the removal, of such amount as may be fixed by the Corporation from time to time shall be paid by the owner of the animal or, if the owner is not known, by the owner or occupier of the premises in or upon which the carcass is found or by the person in whose charge the animal died.

(c) No person shall remove or cause to be removed the carcass of any animal—

(i) otherwise than to a dépôt or place provided or appointed for the purpose under section 371 (1) or

(ii) in such a manner as to create a nuisance.

(d) In case the owner or occupier of any premises in or upon which the carcass of any animal is found, or the owner or the person having the charge of any animal which dies in a street or in any open place fail to report the death of the animal to the proper officer of the Corporation, or remove the carcass, the officers of the Corporation shall have power to enter into or upon any such premises in order to remove any carcass found lying there.

A fee for such removal shall be paid by such owner or occupier of the premises or by the owner or by the person having the charge of the animal.

E.—Penalty Clause.

16. A breach of the above by-laws Nos. 1, 5, 6, 8, 9, 11 and 12 shall be punishable with fine which may extend to Rs. 50 and in the case of continuance of the breach with a further fine which may extend to Rs. 10 for each day during which the breach continues after the first day.

A printed copy of the above by-laws is open to public inspection free of charge and may be obtained on payment of a fee of annas 2 at the Secretary's office in the Central Municipal office on any working day between the hours of 12 and 4 for one month from the date hereof after which the proposed by-laws will be further proceeded with.

J. C. MUKERJEA, *Actg. Chief Executive Officer.*

Dacca, the 26th November 1926.

J. C. ROY, for Director of Agriculture, Bengal.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 24th November 1926.

Summary.—The weather continued dry excepting light and scattered showers in parts of the Chittagong Division and Faridpur. Transplantation of tobacco seedlings and sowings of other spring crops are proceeding satisfactorily. Harvesting of winter paddy continues favourably. The standing crops are thriving well. The average price of common rice for the province has fallen by about 1·36 per cent. compared with that of the previous week.

CHAS. A. BENTLEY, M.B., D.P.H., D.T.M. & H., Director of Public Health, Bengal.
CALCUTTA, the 26th November 1926.

**RESOLUTION ON THE REPORT ON THE WORKING OF THE ASANSOL MINES
BOARD OF HEALTH FOR THE YEAR 1925-26.**

GOVERNMENT OF BENGAL.

LOCAL SELF-GOVERNMENT DEPARTMENT.

Public Health.

CALCUTTA, THE 19TH NOVEMBER 1926.

RESOLUTION—No. 2209 P.H.

READ—

The Report on the Working of the Asansol Mines Board of Health for the year 1925-26.

THE constitution and personnel of the Board remained unchanged during the year.

Nine ordinary and three special meetings were held during the year. One ordinary meeting failed for want of quorum.

2. The total income of the Board, including an opening balance of Rs. 24,806, amounted to Rs. 1,93,401 during the year. The receipts from cess increased from Rs. 1,39,064 to Rs. 1,64,413 during the year, of which Rs. 1,41,668 was collected from mine-owners and Rs. 22,745 from receivers of royalties. The increase was attributed to the increased raisings of coal during the year 1924, based on the average of the three preceding years, as also to the increased number of road cess assesses and the increase in the amount of road cess assessment. Miscellaneous receipts rose from Rs. 1,456 to Rs. 1,913. The total expenditure amounted to Rs. 1,03,271, leaving a closing balance of Rs. 90,130. This large balance is explained by (a) better collection of cess during the year and (b) the fact that owing to non-completion of land acquisition proceedings the building programme for the year could not be carried out.

3. A severe outbreak of small-pox threatened the Settlement during the closing months of the year, but it was held in check by wholesale re-vaccination. The total number of cases recorded during the year was 1,129 of which 126 cases proved fatal, as against 202 cases with 28 deaths during the previous year. The number of primary and secondary vaccinations performed during the year was 18,775 and 65,795 as against 16,634 and 16,825, respectively, during the preceding year.

The Settlement was free from malaria, the number of cases and deaths from the disease being much below the average. There was neither any case of plague nor of epidemic dropsy throughout the year. There were altogether 415 cases of cholera with 206 deaths, against 444 seizures with 273 deaths in the previous year. It is satisfactory to note that the spread of the disease was in all cases prevented by the various routine measures of disinfection carried out by the Board's staff, and by the regular administration of the essential oils cholera prophylactic to all house contacts.

The birth-rate increased from 26.02 per mille to 30.20, while there was a satisfactory decrease in the death-rate, which was 16.83 against 18.53 per mille in the preceding year. The total number of births recorded during the year was 9,945 against 8,570 in 1924-25, while the number of recorded deaths decreased from 6,103 to 5,544.

There was a decline in the rate of infantile mortality, which was 120 per thousand of births registered against 138 during the preceding year. The low rate of infantile mortality which continues to compare favourably with that recorded anywhere in India, can safely be attributed to the satisfactory hygienic conditions maintained in the Settlement by the activities of the

Mines Board. It is satisfactory to note that as in the previous year not a single maternal death occurred amongst several hundred deliveries attended by the Board's midwives.

The Board continued to pay attention to such special measures as anti-malarial investigation, improvement of rural water-supply, medical inspection of school children and delivery of weekly lectures by the Sanitary Assistant in primary schools on hygiene and public health, while the midwives of the Board, in addition to their specific duties, paid house to house visits and delivered simple lectures on the general principles of cleanliness and domestic hygiene to women of the Settlement.

The sanitary administration of the Settlement area maintained the same degree of efficiency as in the preceding year. The Governor in Council desires once more to congratulate the Board on the high standard of their administration.

By order of the Governor in Council,

J. G. DRUMMOND,

Secretary to the Government of Bengal.

EXCISE POLICY OF THE GOVERNMENT OF BENGAL.

GOVERNMENT OF BENGAL.

AGRICULTURE AND INDUSTRIES DEPARTMENT.

Excise.

CALCUTTA, THE 27TH NOVEMBER 1926.

RESOLUTION—No. 5568Ex.

IN view of the widespread public interest which has been recently evinced with regard to the consumption of alcoholic liquors and drugs, the Government of Bengal consider that the time is ripe for a restatement of their excise policy and for foreshadowing practical lines of advance towards securing more popular control on licensing questions. The present excise policy of Government is based on the Communique, dated 25th August 1921, in which it was clearly stated that the policy of Government was to impose a high taxation of intoxicating articles with a view to making them as dear as possible for the individual consumer and thereby keeping their consumption at a minimum. This policy has been consistently pursued during the last five years.

2. Facilities for the supply of liquor and drugs have been gradually restricted and shop sites have been continually brought under examination in reference to objections of the local people. Complete control over the price of country spirit, hemp drugs and rice beer has been secured, and minimum prices have been fixed for foreign liquor, while administrative arrangements are such that any tendency towards increased consumption can be immediately checked. No changes in rates of duty or license fees, or alterations in administrative arrangements are sanctioned for the purpose of increasing revenue; on the contrary, it is an essential condition that the restriction of consumption should be a basic and inherent feature in any suggested development.

The following measures taken by Government with a view to carrying out their policy of restriction of, and control over, the consumption of alcoholic liquors and drugs may be specifically mentioned :—

- (1) Levy of gradually increasing rates of taxation on these articles with adequate and suitable regulations to control prices for the consumer.
- (2) Gradual reduction in the number of places of retail vend.
- (3) Effective control over the manufacture and wholesale vend.
- (4) Regulation and gradual restriction of hours of sale.
- (5) Suppression of illicit traffic as much as possible.

Very recently the rate of duty on *ganja* has been increased by nearly 50 per cent. and that on *charas* by nearly 70 per cent.

3. That the measures adopted by Government have proved effective in bringing about a general diminution in the consumption of excisable articles will appear from the statistics given below relating to the consumption of country spirits, *ganja* and opium for the years 1911-12, 1920-21 and 1925-26 :—

		Country spirit (L. P. gallons).		Ganja (seers).		Opium (seers).	
		Calcutta.	Bengal.	Calcutta.	Bengal.	Calcutta.	Bengal.
1911-12	...	332,242	796,784	22,422	123,411	21,192	66,729
1920-21	...	293,965	766,572	12,082	73,625	12,996	42,634
1925-26	...	182,814	632,351	10,929	71,473	11,545	39,945

4. Statistics of the consumption of foreign liquor (brandy, whisky, beers, etc.) were not maintained previous to the year 1922-23. During the last four years, these statistics have been maintained and are given below in bulk gallons :—

	1922-23.	1923-24.	1924-25.	1925-26.
Foreign spirits ...	229,919	223,207	225,013	223,168
Foreign wines ...	38,354	37,265	37,383	37,767
Foreign beers ...	278,764	233,377	391,717	431,842

It will be seen that although there has been an increase in the consumption of "beers", that of wines and spirits has been kept under adequate control and has not been permitted to increase. The retail sale of *pachwai* (country rice beer) as well as of toddy (fermented juice of palm) has also been brought under increasingly effective control during the last few years.

5. The figures quoted below will indicate clearly that a policy of gradual reduction in the number of places of vend of these articles with due regard to the requirements of moderate consumers has been steadfastly followed in the case of most of these articles, not only by the Licensing Boards in Calcutta and Howrah, but also in other areas in the Presidency. The apparent small increase in the number of foreign liquor licenses ("on" and "off" shops) in 1925-26 was due to a change in the system of licensing of these premises, and not to an actual increase in the number of licensed premises :—

		Figures of number of shops.							
		Country spirit.	Opinm.	Ganja.	Bhang	Charas.	F. L.	Tari.	Pachwai.
1911-12	Bengal	1,277	1,022	1,434	232	49	273	820	1,374
1920-21		1,120	835	1,267	261	29	188	620	1,239
1926-27		941	853	1,218	315	34	202	538	1,201
1911-12	Calcutta (exclud- ing Garden Reach.)	111	57	63	35	4	119	117	Nil
1920-21		64	41	45	19	4	72	45	"
1926-27		55	39	42	15	3	77	38	"

6. Of late demands have been put forward from various quarters for the adoption of local option and even of total prohibition. Government have given very careful consideration to these questions, and are now in a position to state their views with regard to these suggestions.

7. So far as total prohibition is concerned, it was pointed out in the Communiqué of 1921 that total prohibition of the manufacture, sale and consumption of excisable articles involved an unjustifiable interference with the liberty of individuals, and Government still adhere to that view. Nor can they disregard the fact that the successful enforcement of actual prohibition among the population is a matter which is open to the gravest doubt and in practice the total denial of facilities is sure to lead to an increase of illicit practices as well as other undesirable effects. These considerations were no doubt present in the minds of the members of the Legislative Council in 1921 when a motion urging prohibition was discussed by that body and was rejected. In these circumstances, Government are not prepared to accept total prohibition as the goal of their excise policy.

8. With regard to local option, it may be pointed out that in actual application the principle of local option means nothing less than permissive local prohibition. It involves a direct election on the question of "license" or "no license," or as an alternative, a proposed reduction of licenses. It would be impossible, in the first place, to obtain a really representative and impartial opinion on these questions in the special circumstances obtaining in Bengal, where in rural areas there is only one shop for a large area, say, for a radius of 7 or 8 miles and sometimes more. Abolition of such a shop would mean the total denial of facilities in that area and therefore prohibition. In a referendum to the villagers over such a large area as to whether a particular shop should be abolished, it would be impossible to obtain a really representative and impartial opinion, as most of the villagers would be ignorant or indifferent on such an issue and the vote would be largely influenced either by the prohibitionists on the one hand or by the trade on the other. With regard to municipal areas, the exercise of local

option would in most cases mean nothing more than an alternative between no change and total prohibition, as in most Bengal municipalities there is only one shop of each kind. After careful consideration of the matter in all its bearings, Government are therefore of opinion that in the peculiar circumstances obtaining in this province no practical measure of local option would be feasible.

9. Government are, however, convinced that a definite advance should now be made in the matter of the extension of popular control of licensing, and they have decided to effect this by an extension of the system of licensing boards which have proved successful in the municipal areas of Calcutta, Howrah and Bally. In these municipalities, the licensing boards are *ad hoc* bodies representing various non-official interests and with a non-official majority. They exercise complete control in the matter of the number and location of shops. These licensing boards have been working satisfactorily for a number of years and have effectively represented public opinion in licensing matters. The Governor in Council has decided on an extension of the system of creating excise licensing boards in the Presidency with definite powers to control the number and location of licensed premises and hours of their working. It has accordingly been decided that licensing boards will immediately be constituted in four selected districts in the Presidency, viz., 24-Parganas, Dacca, Chittagong and Rangpur. These boards will have a majority of non-official members and will have on them representatives of the various elected local bodies in each district, viz., municipalities, district boards, local boards, as well as representatives of temperance organisations. It is hoped that, as a result of this experiment, it will be possible to bring about a wide extension of effective popular control of licensing over the greater part of the province if not over the whole of it in the near future.

10. With regard to opium, the Government of India have, in a recent Resolution, dated the 17th June 1926, made a comprehensive survey of the internal opium policy throughout India. The Government of Bengal have taken measures to reduce the excessive consumption of opium in Calcutta and in the neighbouring districts by increasing the price of the drug by Rs. 20 per seer (or nearly 30 per cent.), and if this measure, which has been recently introduced, does not prove sufficiently effective, they will be prepared to take more drastic steps to reduce the excessive consumption of the drug in these areas.

In addition to the steps mentioned above for the reduction of opium consumption in areas where excessive consumption of this drug exists at present, the Government of Bengal have further decided that steps should be taken to collect more accurate information regarding the origin, nature and extent of opium consumption in the province, and with this object in view they have directed that in selected areas the sale of opium will be conducted under arrangements which will permit of the maintenance of a record of the nature of the demand, from its medicinal as well as other aspects.

11. With regard to opium smoking, the ratification by the Government of India of the first Geneva Convention of 1925 places on this Government an obligation to take immediate steps to suppress the smoking of opium at the earliest possible date. The Governor in Council has therefore decided that legislation be undertaken at once to penalise opium smoking by other than registered smokers. It is proposed to compile a register of those who are already addicted to this vice, and after a date to be subsequently fixed, no addition to the list of addicts will be permitted, and smoking will therefore be stamped out with the present generation of smokers.

By order of the Governor in Council,

G. S. DUTT,

Secretary to the Government of Bengal.

CALCUTTA, the 4th December 1926.

CORPORATION OF CALCUTTA.

NOTICE.

IT is notified for general information that the Corporation of Calcutta under powers vested in them in this behalf have, by a resolution dated the 3rd November 1926, prescribed anew the alignment of Phariapukur Street to a width of 30 feet, cancelling the 40 feet alignment previously sanctioned by the General Committee of the Corporation, as constituted under Act III (B. C.) of 1899. They have further resolved that the existing width of the road need not be disturbed where it is more than 30 feet and that corners be rounded off.

A copy of the plan prepared in this behalf may be seen in the office of the Surveyor and Valuer of the Corporation any day during office hours on payment of usual fee.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 1st December 1926.

Summary.—During the week weather continued dry excepting light showers in parts of the Chittagong Division and Bakarganj. Sowings of spring crops are much advanced. Reaping of winter paddy and potatoes is progressing under favourable conditions. Outlook of standing crop is promising excepting in parts of Mymensingh and the Tripura State where damage by insects is reported. The average price of common rice for the province has fallen by about 0·60 per cent. as compared with that of the previous week.
